INDEPENDENT AUDITOR'S REPORT

Board of Directors
Hillsborough Tourism Board

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of Hillsborough Tourism Board (the Board), a component unit of the Town of Hillsborough, North Carolina, which comprise the governmental activities, the major fund and the general fund budget to actual comparison as of and for the year ended June 30, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the governmental activities, the major fund and the general fund budget to actual comparison of the Board, as of June 30, 2022, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Board and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Board's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Board's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Board's basic financial statements. The individual fund statement and budgetary schedule are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, based on our audit and the procedures as described above, such information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Management's Discussion and Analysis

As management of the Hillsborough Tourism Board (the "Board"), we offer readers of the Board's financial statements this narrative overview and analysis of the financial activities of the Board for the fiscal year ended June 30, 2022. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the Board's financial statements, which follow this narrative.

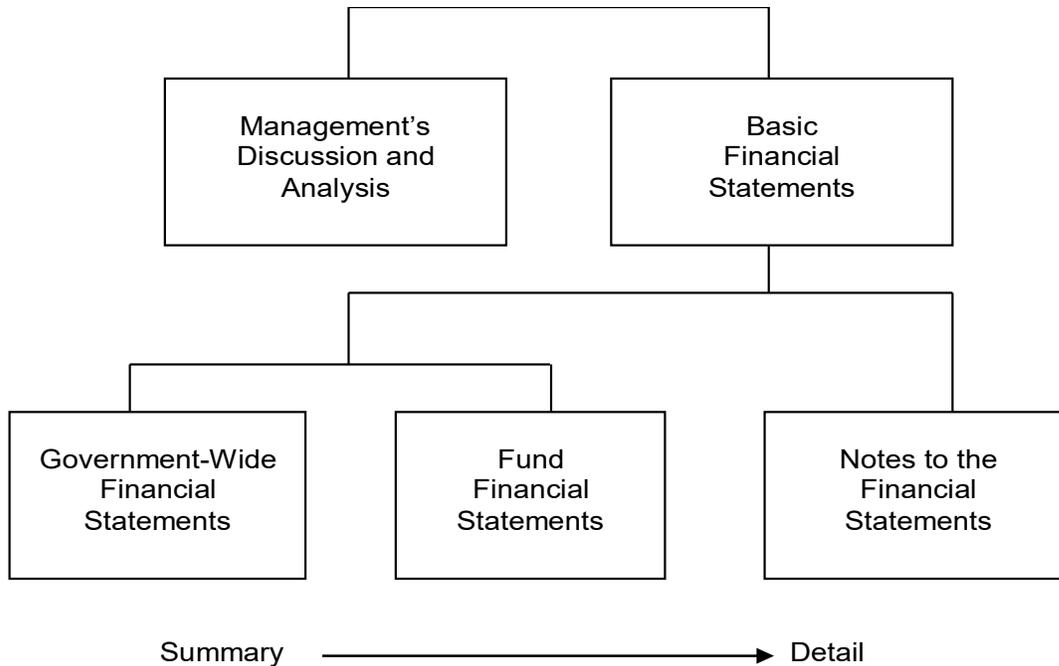

Financial Highlights

- The assets of the Board exceeded its liabilities at the close of the fiscal year by \$512,225 (net position). The cash balance at the close of the fiscal year was \$437,548.
- The Board's total net position increased by \$81,183 due to an increase in revenues as the country emerges from the COVID pandemic.
- As of the close of the current fiscal year, the Board's governmental fund reported a fund balance of \$512,225. This amount is comprised of restricted fund balance of \$95,084, assigned fund balance of \$19,435 and unassigned fund balance of \$397,706.
- The Board's total fund balance increased by \$81,183 due to an increase in revenues as noted above.

Overview of the Basic Financial Statements

Management's Discussion and Analysis is intended to serve as an introduction to the Board's basic financial statements. The Board's basic financial statements consist of three components: (1) government-wide financial statements; (2) fund financial statements; and (3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the Board through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of the Board.

Required Components of the Basic Financial Statements
Figure 1

Basic financial statements

The first two statements (Exhibits 1 and 2) in the basic financial statements are the **Government-Wide Financial Statements**. They provide both short- and long-term information about the Board’s financial status.

The next statements (Exhibits 3 through 5) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the Board’s government. These statements provide more detail than the government-wide statements. There are two parts to the Fund Financial Statements: (1) the governmental fund statements and (2) the budgetary comparison statements.

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **supplementary information** is provided to show details about the Board’s individual fund. Budgetary information required by the North Carolina General Statutes also can be found in this part of the statements.

Government-wide financial statements

The government-wide financial statements are designed to provide the reader with a broad overview of the Board’s finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short- and long-term information about the Board’s financial status as a whole.

The two government-wide statements report the Board’s net position and how they have changed. Net position is the difference between the Board’s total assets and deferred outflows of resources (if any), and total liabilities and deferred inflows of resources (if any). Measuring net position is one way to gauge the Board’s financial condition.

**Hillsborough Tourism Board
Management’s Discussion and Analysis (Unaudited)**

The government-wide statements are comprised of governmental activities. The governmental activities include most of the Board’s basic services related to tourism. The primary revenue source for the Board is a one percent sales tax on “prepared food and beverages” assessed and collect by the Town of Hillsborough (the “Town”) on behalf of the Board.

The government-wide financial statements are on Exhibits 1 and 2 of this report.

Fund financial statements

The fund financial statements (see Figure 1) provide a more detailed look at the Board’s most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Board, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or noncompliance) with finance-related legal requirements, such as the North Carolina General Statutes or the Board’s budget ordinance. The Board currently maintains one governmental fund which is the General Fund. Additional funds may be created if the need arises.

Governmental funds - Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. All of the Board’s basic services are accounted for in a governmental fund as mentioned above. A governmental fund focuses on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. This is referred to as a “current available resources” measurement focus and the accounting method used is called the *modified accrual accounting*. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the Board’s programs. The relationship between government activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements. There were no reconciling differences to report this year.

Notes to the financial statements - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are on pages 13 through 17 of this report.

**Hillsborough Tourism Board
Summarized Statements of Net Position**

Figure 2

	Governmental Activities	
	2022	2021
ASSETS		
Current assets	\$ 532,632	\$ 437,516
LIABILITIES		
Current liabilities	20,407	6,474
NET POSITION		
Restricted	95,084	102,692
Unrestricted	417,141	328,350
Total net position	\$ 512,225	\$ 431,042

**Hillsborough Tourism Board
Management’s Discussion and Analysis (Unaudited)**

As noted earlier, net position may serve over time as one useful indicator of a government’s financial condition. The assets of the Board exceeded liabilities by \$512,225 as of June 30, 2022 which is an increase of \$81,183. This increase will be explained in the next section related to the discussion of Figure 3. The restricted portion of the Board’s net position was \$95,084 as of June 30, 2022 which is a decrease of \$7,608. This restriction is a function of year-end receivables as required under North Carolina General Statutes (“G.S.”). The remaining balance of \$417,141 is unrestricted as defined by the Government Accounting Standards Board. However, the unrestricted portion will be used to fulfill the Board’s mission.

**Hillsborough Tourism Board
Summarize Statements of Activities**

Change in net position	81,183	27,233
NET POSITION		
Beginning of year	431,042	403,809
End of year	\$ 512,225	\$ 431,042

Governmental activities. Governmental activities increased the Board’s net position by \$81,183. The increase is primarily due to an increase in revenues which can be attributed to the end of the pandemic. Expenses increased six percent but total expenses were within budget.

Financial analysis of the Board’s funds

As noted earlier, the Board uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the Board’s governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the Board’s financing requirements. Specifically, unassigned fund balance can be a useful measure of a government’s net resources available for spending at the end of the fiscal year.

The General Fund is the chief operating fund of the Board. At the end of the current fiscal year, total fund balance reached \$512,225, of which \$95,084 was restricted by state statute, \$19,435 is assigned for expenditures in the FY22 budget and \$397,706 was unassigned.

**Hillsborough Tourism Board
Management's Discussion and Analysis (Unaudited)**

Economic factors and next year's budgets and rates

Funding for these services comes from the 1.0% sales tax levied by the Town on prepared food and beverages. Special legislation was passed by the North Carolina General Assembly allowing the Town to levy the Food and Beverage Tax and to fund tourism-related activities. The Town receives 6% of these funds for administering the financial management of these monies. The remaining funds are used to provide visitor services and facilities, programs and services designed to attract tourists to the Town. The Board decides each year which applicants' projects or activities will be awarded grants, sponsorships and contracts for the tourism services. The amount of funding each year depends on the amount of the 1.0% tax receipts collected by the Town.

Effective July 1, 2020, the agreement for staff support services with the Town of Hillsborough was revised. The revised agreement is renewable in two-year intervals, unless terminated sooner, and requires the Board to provide 40% cost coverage of salary and benefits for a full time Economic Development Planner position employed by the Town.

Budget highlights for the fiscal year ending June 30, 2023

The food and beverage tax revenue budget for FY 23 is expected to increase to \$400,000 which is greater than FY 22's budget of \$325,000 and slightly less than FY 22 actual. Budgeted expenditures are also expected to increase to \$419,435. As a result, appropriated fund balance for FY23 is \$19,435 which is approximately \$31,000 less than the FY 22 final fund balance appropriation.

The contract between the Town and the Board for support services expired on June 30, 2022. Both parties agreed to continue the provisions contained in the expiring contract through June 30, 2023, and during FY23 to develop an allocation methodology reflective of the Town's re-structured support of tourism and economic development. The Board expects to have a revised agreement in effect by the end of the fiscal year ending June 30, 2023.

Requests for information

This report is designed to provide an overview of the Hillsborough Tourism Board's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to the Finance Officer, c/o Hillsborough Tourism Board, Hillsborough, North Carolina, or by telephone at (919) 296-9451.

Notes to the Financial Statements

1. Summary of Significant Accounting Policies

The accounting policies of the Hillsborough Tourism Board (the "Board") conform to generally accepted accounting principles as applicable to government entities. The following is a summary of the more significant accounting policies:

A. Reporting entity

The Board was created on November 8, 1993, by resolution of the Town of Hillsborough, North Carolina (the "Town"), under the authority of the North Carolina General Assembly. The Board is responsible for promoting tourism within the Town of Hillsborough. The Board receives revenues through a one percent prepared food and beverage tax, as of July 23, 1993. The Town remits the taxes collected to the Board, net of a six percent fee for administering the tax. The remaining funds are used to provide visitor services and facilities, programs and services designed to attract tourists to the Town. The Town's Tourism Board decides each year which applicants' projects or activities will be awarded grants, sponsorships and contracts for tourism services. The amount of funding each year depends on the amount of the 1.0% tax receipts collected by the Town.

The members of the Board are appointed by the Town. In addition, the Town levies and collects the food and beverage taxes on behalf of the Board. Therefore, the Board is determined to be a component unit of the Town included and is presented as a discretely presented component unit in the Town's annual comprehensive financial report.

B. Government-wide and fund financial statements

Government-wide financial statements, the statement of net position and the statement of activities, display information about the government as a whole. These statements include the financial transactions for all activities of the Board.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the Board's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include fees and charges paid by the recipients of goods or services offered by the programs. Revenues that are not classified as program revenues are presented as general revenues.

Fund financial statements provide information about the Board's funds. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column.

The Board reports the following major governmental fund:

The **General Fund** is the general operating fund of the Board. It accounts for all financial resources.

C. Measurement focus and basis of accounting

Government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the Board gives (or receives) value without directly receiving (or giving) equal value in exchange, include grants. Revenue from grants is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred.

Hillsborough Tourism Board
Notes to Financial Statements

The Board recognizes assets of nonexchange transactions in the period when the underlying transaction occurs, when an enforceable legal claim has arisen, or when all eligibility requirements are met. Revenues are recognized on the modified accrual basis of accounting when they are measurable and available. Non-exchange transactions occur when one government provides (or receives) value to (or from) another party without receiving (or giving) equal or nearly equal value in return. The Board considers all revenues available if they are collected within 90 days after year-end.

D. Budgetary data

Budgets are adopted as required by North Carolina State Statutes (“G.S.”). An annual budget ordinance is adopted for the General Fund. All annual appropriations lapse at fiscal year-end. All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the functional level for all annually budgeted funds. Any revisions that alter total expenditures of any fund must be approved by the governing board.

The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers that time until the annual ordinance can be adopted.

E. Assets, liabilities, and net position/fund balances

(1) Deposits and investments

All deposits of the Board are made in board-designated official depositories and are secured as required by G.S. 159-31. The Board may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the Board may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State law (G.S. 159-30(c)) authorizes the Board to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public Board; obligations of certain nonguaranteed federal agencies; certain high-quality issues of commercial paper and bankers’ acceptances; and the North Carolina Capital Management Trust, an SEC-registered mutual fund. Investments are stated at fair value.

(2) Cash and cash equivalents

All bank deposits are essentially demand deposits and are considered cash and cash equivalents.

(3) Receivables

Receivables at the government – wide and fund levels at June 30, 2021 were as follows:

Food and beverage taxes receivable	\$ 95,067
Sales taxes receivable	17
	<hr/>
	\$ 95,084

(4) Allowances for doubtful accounts

The receivables reported do not historically experience any uncollectible amounts and therefore do not include an amount for doubtful accounts.

Hillsborough Tourism Board Notes to Financial Statements

(5) Net position/fund balance

Net position in government-wide financial statements is classified as net investment in capital assets, restricted, and unrestricted. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or imposed by State law/Statute.

Fund balances

In the governmental fund financial statements, fund balance may be composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent. The Board's fund balance consists of the following:

Restricted fund balance - This classification includes amounts that are restricted to specific purposes externally imposed by creditors or imposed by law.

Restricted for Stabilization by State Statute – North Carolina G.S. 159-8 prohibits units of government from budgeting or spending a portion of their fund balance. This is one of several statutes enacted by the North Carolina State Legislature in the 1930's that were designed to improve and maintain the fiscal health of local government units. Restricted by State statute ("RSS"), is calculated at the end of each fiscal year for all annually budgeted funds. The calculation in G.S. 159-8(a) provides a formula for determining what portion of fund balance is available for appropriation. The amount of fund balance not available for appropriation is what is known as "restricted by State statute". Appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year next preceding the budget. Per GASB guidance, RSS is considered a resource upon which a restriction is "imposed by law through constitutional provisions or enabling legislation." RSS is reduced by inventories and prepaids as they are classified as nonspendable. Outstanding Encumbrances are included within RSS. RSS is included as a component of restricted net position and restricted fund balance on the face of the balance sheet.

Assigned fund balance - portion of fund balance that the Board intends to use for specific purposes.

Subsequent Year's Expenditures - portion of fund balance that is appropriated in the next year's budget that is not already classified in restricted or committed. The governing body approves the appropriation.

Unassigned fund balance - portion of fund balance that has not been restricted, committed, or assigned to specific purposes.

The Board has a revenue-spending policy that provides policy for programs with multiple revenue sources. The Board will use resources in the following hierarchy: bond proceeds, federal funds, state funds, local non-Board funds, and Board funds. For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned fund balance and, finally, unassigned fund balance. The Board has the authority to deviate from this policy if it is in the best interest of the Board.

The Board has adopted a policy of maintaining a minimum level of unassigned fund balance to ensure adequate working capital in case of interruption of meals tax revenue. This policy is adjusted on an annual basis for changes in anticipated budgeted amounts, as necessary. For fiscal year 2022, the minimum level of unassigned fund balance amounted to \$70,000.

2. Stewardship, Compliance and Accountability

A. Significant Violations of Finance-Related Legal and Contractual Provisions

- Contractual Violation

The “Contract to Audit Accounts” contains a provision requiring that the audit report be submitted to the State and Local Government Finance Division within four months of the fiscal year-end. Therefore, the audited financial statements for the fiscal year ended June 30, 2022, are due by October 31, 2022. The submission of the Board’s audited financial statements is substantially late in violation of the submission requirement. The Board believes this was an isolated situation due to turnover in the Town’s Finance staff that occurred in the 2021 and 2022. The Town has engaged additional contractual resources to assist the Town and its component units with the preparation of year-end financial information in order to submit audited financial statements in a timelier manner. Additionally, the Town has also retained an experienced finance officer after the position had been vacant for over six months. These corrective actions have improved the timeliness of the current year audit engagement with the Town and its component units expect to return to compliance for the fiscal year ending June 30, 2023.

3. Detail Notes on All Funds

A. Deposits

All the deposits of the Board are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits that exceed the federal depository insurance coverage level are collateralized with securities held by the Board’s agents in the unit’s name. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer’s agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the Board, these deposits are considered to be held by the Board’s agent in its name. The amount of the pledged collateral is based on an approved averaging method for noninterest-bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the Board or the escrow agent. Because of the inability to measure the exact amounts of collateral pledged for the Board under the Pooling Method, the potential exists for undercollateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. The Board has no policy regarding custodial credit risks for deposits.

At June 30, 2022, the Board's deposits had a carrying amount of \$437,548 and bank balance of \$438,250. Of the bank balance, \$250,000 was covered by federal depository insurance, and \$188,250 of demand deposits were covered under the Pooling Method.

B. Risk management

The Board is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. It carried commercial coverage for Non-profit Organization Directors and Officers Liability with a coverage of \$1,000,000 for all claims.

There have been no significant reductions in insurance coverage in the prior year, and settled claims have not exceeded coverage in any of the past three fiscal years.

The Board does not carry flood insurance. In accordance with G.S. 159-29, the Board’s employees that have access to \$100 or more at any given time of the Board’s funds are performance bonded through a commercial surety bond. The Finance Officer is individually bonded for \$50,000.

Hillsborough Tourism Board
Notes to Financial Statements

C. Fund balance

The following schedule provides management and citizens with the information on the portion of General Fund balance that is available for appropriation:

General Fund:	
Total fund balance	\$ 512,225
Less:	
Stabilization by State Statute	95,084
Assigned for subsequent year's expenditures	<u>19,435</u>
Unassigned fund balance	397,706
Working capital/fund balance policy	<u>70,000</u>
Remaining fund balance	<u>\$ 327,706</u>

D. Related party transactions

Effective July 1, 2020, the agreement for staff support services with the Town was revised. The revised agreement is renewable in two-year intervals, unless terminated sooner, and requires the Board to provide 40% cost coverage of salary and benefits for a full time Economic Development Planner position. The amount paid to the Town was \$37,854.

E. Subsequent events

The Tourism Development Board has evaluated all subsequent events for potential recognition and disclosure through June 29, 2023, the date these financial statements will be available.

Effective July 1, 2022, the related party contract with the Town for support services, disclosed in Note 3.D, was extended for one year with both parties agreeing to continue the provisions contained in the contract that expired on June 30, 2022.
