

New Video Highlights Reservoir Expansion

Release Date: Aug. 23, 2018

The Town of Hillsborough has created a video that highlights Hillsborough's past experiences with drought and explains the need for the West Fork Eno Reservoir and expansion, which is currently underway.

In the video, Utilities Inspector Nathan Cates explains that the reservoir has given Hillsborough the ability to provide a high-quality, reliable supply of water to customers.

This is the first in a series of videos highlighting how Hillsborough's small water and sewer system provides a dependable, quality water supply while overcoming environmental and circumstantial challenges.
