

Low System Pressure Advisory

Water service in the area above has been turned off to allow emergency repairs to a 6-inch water main. About 71 properties are affected, including all of Holiday Park Road and Odie Street and a portion of Faucette Mill Road.

Affected properties will be under a system pressure advisory until test results return that indicate the water is safe to drink. Properties that did not lose water service or water pressure are not affected.

Check the town website and follow @HillsboroughGov on Facebook, Nextdoor and Twitter for updates.
